SYNOPSIS

The American Commandos are a special force of highly trained war veterans who have since the last official war, maintained their connection with the U.S. government and its allies specializing in jungle and desert warfare.

Feared and respected for their deadly efficiency by the criminals throughout the world, they are often called in by the forces of law and order that, require secrecy, bravery and precision fighting skills.

Peter and Helen are rival partners in crime. Peter runs a casino and Helen runs a massage parlor. Peter's boss, Barton, wants Peter to take over Helen's business. Meanwhile, Charlie's best friend, Sammy is killed by Barton's men. Charlie enlists the help of the American Commando, John Foley to destroy Barton, Peter and Helen.

Arthur, who has just gotten out of jail, rescues Sylvia from Peter's thugs who are trying to collect their loan from her by force. Charlie happens along and joins the fight. Charlie has gained Helen's trust. The rival gangs unite in a furious battle against Charlie.

Survival is the name of the game and do unto others before they do unto you is the only rule to live by.
