SYNOPSIS

Gordon bids good-bye to his squad of army recruits who have been trained hard with him. The recruits, David, Kirk, Benny, and Chester, have become best friends and they leave with the promise to stay in touch. However, each becomes embroiled in the gambling triad run by Raymond, Russel, and Ringo.

When Chester's mother is murdered and sister kidnapped, he seeks revenge. Benny and David are sent into the gangster's hideaway as undercover cops while Kirk is hired by the criminals.

Meanwhile, Cobra and Ringo make a string of heavy bets on Gordon's successive Ninja battles which Cobra has orchestrated for his own gain. Ringo loses heavily. With the police at every turn, the thug's only hope is to retrieve a stolen briefcase that contains the lowdown on all his illegal betting activities.

At this point, the recruits are reunited in a crack of police hit. They eliminate the gangsters one by one.

Gordon and Cobra fight their ultimate Ninja battle for the honor of the Ninja Empire.
