SYNOPSIS

A century old feud between the Black Ninja Clan and the Diamond Ninja Empire is on the brink of erupting once again with the discovery of the ancient tomb of the Ninja warriors.

Cogan, a Black Ninja descendant, decides to rebuild his clan and restore to its former glory and, the most important of all, defeat the Diamond Ninjas once and for all.

Two things stand in his way. Firstly, the land, the tomb and the hidden magic power are on, is owned by a wealthy property Tycoon, Bernard Wong and his family who don't want to sell the land. Secondly there is Gordon, a descendant of the Diamond Ninjas. Gordon believes in the Ninja rule: "Born a Ninja, die a Ninja", and he'll do anything to stop Cogan doing his evil deeds. The only way Cogan can achieve his goal is to enlist the help of the Ghost Ninjas, in order to force the Wings to sell the land. So it begins, a nightmare of haunting, deception, lust and evil.

Gordon must use all his Ninja skills to fight against Cogan. As a result we see the ancient Ninja styles and techniques at their best. As the evil grows and grows we all know we are heading towards a gripping conclusion of good versus evil, love versus hate and bitter feuds carrying on till death can be the only result.
