SYNOPSIS

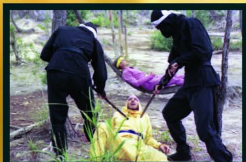

Eagle miraculously survives the massacre by General Lung in which his parents are killed and his wife, Jade, is kidnapped. After spending months alone honing his fighting skills, Eagle sets out to rescue Jade from Lung and kill him and the others responsible for the massacre.

Boris is a Westerner who has come to old China and become a Ninja master. He and his band of cutthroat Ninjas have allied themselves with Lung in order to expand their evil influence. Having become more powerful, however, Boris is planning to overthrow Lung and extend his own empire.

Boris' arch-foe, Leon, has followed Boris to China in order to kill him in revenge for killing Leon's family. Leon discovers that the only way to defeat Boris is to join forces with Eagle. Leon is a master of modern weaponry and Eagle is a master of ancient martial skills.

Eagle proceeds to kill off his enemies one by one until he is captured by Lung. Annie, who has been trying to destroy Eagle for killing her father, finally realizes the futility of an endless cycle of vengeance and frees Eagle who, with great restraint, succeeds in cutting off Lung's right hand rather than killing him - the killing must end somewhere.

With Lung neutralized, Leon is able to use the skills he learned from Eagle to kill Boris. Righteousness prevails.
