## SYNOPSIS

Two childhood buddies, Albert and Frankie, find themselves on opposite sides of a deadly gang war. They both go to prison for their brawling, while the evil Lion and his men take over the gangland. Meanwhile, Matthew, Frankie's ex-boss, goes straight along with his faithful menservants, Jimmy and Donny, starting a new business. It is joyous for all when Frankie is released early.

Fearing Frankie's full-contact expertise would be a danger to his gang, Lion prepares a new gang war again. Meanwhile, Frankie is recruited by the Ninja Master as well as a cop extraordinaire, Inspector Gordon, who is going to lead an operation to destroy Lion's gang along with the leader of the Red Ninjas, Campbell, who has been on a rampage of assassination.

Finally, Albert and Frankie are reunited and plan to return to their hometown with the women they love to rebuild their shattered lives. But Lion is bent on destroying them.

Can Albert and Frankie win their way out? Can Gordon defeat Campbell and re-establish the supremacy of the Golden Ninja Empire? This tear-jerking tale will tell you the answer.
