Ninja of the Ninjas, the real Ninja!

The cops can't stop the criminals, but the Ninja can ... by Ninja's ways.

SYNOPSIS Ninja the Protector, a deadly samurai warrior, one of elite group of master-fighters descended from the ancient tradition.

Forged U.S. banknotes are making their way in huge quantities into society. The source is traced to Hong Kong and a Special Unit is set up with the international police cooperation to find out and stop those concerned.

This Special Unit is headed by Jason Hart, who is a Ninja - one of an elite group of master-fighters descended from the ancient tradition.

An undercover police agent, Warren Lee, is infiltrated into the Forgery Gang's business and his job is to inform the Special Unit of the Gang's movements. But he gets caught up in a quandary of a love triangle, greed and stupidity. He loses his power and his brother is killed and his girlfriend walks out on him.

However, after much bloody violence and double-crossing, the Special Unit closes in on the criminals and in a brilliant showdown with the leader of the Forgery Gang - who is also a Ninja, Jason demonstrates that good will triumph over evil.
