## SYNOPSIS

Innovated by the dancing movements of Sakuzy, the head priest MASTER CHEN of SHAOLIN TEMPLE is enlightened to conceive a new powerful martial art, jointly created by TAMIYA, a renowned Japanese Sinologist.

According to tradition, Master Chen's heir should go to the head disciple MA, an arrogant and ambitious fiend. But Master Chen favors CHIU, an endocentric honest guy who is potential in Zen studies.

Since the scroll of "Phoenix of Zen" is the key to master this powerful martial art, Ma tortures and rapes Sakuzy. He secretly practices the devilish "Viper Fist" so to confront his Master. Feeding to be abandoned by her fiancé Sanka; Sakuzy keeps silence.

Though Sanka and Chiu join together and fight with their best, they are no match with the "Viper Fist". At the dying moment, an unexpected visit but fatal strike by Sanka's disciple from Kyoto behind reveals the secret of "Phoenix of Zen" to Sanka.

For the good sake of Shaolin Temple and the truth and justice, Sanka and Chiu open stake their lives without fear and head to face the ultimate "Viper Fist".
