SYNOPSIS

Power hungry gangster, Solomon is determined to rule the world by stealing a secret formula which can stimulate plants and animals to grow up to 300 times their normal size.

The box containing the formula is lost in the confusion when Solomon's gang attack the laboratory and kill the scientists. However, a little girl nicknamed TingTing finds it and brings it home for her pet snake Mosler to live in. Mosler soon grows to fill her room, so she hides him outside.

Meanwhile, Solomon's gang and the military are in a frantic race to find the missing box. Police detective Seth Shaw has been kept in the dark by the military, but has begun investigating the deaths of the scientists. Realizing the situation is getting out of control, the government calls in freelance commando Ted Fast to tackle Solomon's gang. Ted closes in on Solomon, but not before the gang discovers that TingTing has the formula. When they go after her, Mosler attacks them so they try to electrocute him. This only makes him grow larger until he is over 300 feet long. Solomon's gang kidnaps the girl and Mosler goes on a rampage trying to find her.

The military calls out all land, air and sea forces to try to destroy the gigantic serpent. Ted Fast battles his way through Solomon's gang ever closer to the madman himself. Detective Shaw deduces the whereabouts of TingTing and rescues her just before Mosler destroys the building she's in, in his blind attempt to save her. The combined military forces finally kill Mosler, Ted Fast rids the world of Solomon and while TingTing grieves for her dead reptilian friend, society picks up the pieces.
